12 February 2009

**CURRENT AND FUTURE CUSTOMERS OF AR-TECH**

Goodrich Engine Control Systems – Services (ECS) is pleased that AR-TECH International, Inc. is an authorized Distributor in Latin America for the Goodrich products listed below:

- TA Fuel Control for the T-53 Series Engine
- PTG (Power Turbine Governor) for the T-53 Series Engine
- 9234 Main Fuel Pump for the Northrop F-5A, F-5B “Freedom Fighter” Cessna A-37
- MFP-150 Main Fuel Pump for the Northrop F-5E, and F-5F Aircraft

AR-TECH is also licensed as an Authorized Distributor for:

- MC-40 Fuel Control and Governor for the Bell 206 and BO-105 Aircraft
- MFP-262 for the A109C, MDH500E, and MD520N Aircraft
- MFP-263 for the Bell 206, MD500E, A109A, AS355, and BO-105C Aircraft
- MFP-264-1 for the Bell 206L, and BO-105LS Aircraft
- MFP-264-2 for the MDH530, RFB600, and S-76 Aircraft

ECS is committed to providing superior products and the highest level of support of our customers. Goodrich ECS welcomes AR-TECH International to assist Goodrich in maximizing our direct customer contract while offering full service capability.

Adhering to the same quality standards of excellence, AR-TECH International is a welcome addition to ECS’s total commitment policy, as attested to by their assessment and registration as meeting the requirements of AS-9100 REV B / ISO-9001:2000.

Goodrich ECS enjoys working with AR-TECH International and exceeding the requirements of our customers.

Sincerely,

*Stephanie M. Santariga*
